**Subject:** RE: review meeting tomorrow

Hi Dina

For 303d, I think we just want to check in on the status of the 2018 submittal, and any issues you see arising, We are also curious to know MDEQ's thinking regarding Saginaw Bay.

For TMDLs, we've already talked about the statewide mercury TMDL. Any updates on the statewide e coli TMDL, and any other TMDLs (eg, Ox Creek) would be appreciated.

For wetlands, I know staff have been communicating but I'm sure Chris Korleski will be interested in the status of the Back Forty permit. Other possible topics (but only to the extent you want to discuss them- I won't raise these) are the various pieces of proposed legislation affecting 404, and any MDEQ reaction to EPA's recent letter to Gov Snyder on PA 98.

Thanks, talk to you tomorrow.

**Subject:** review meeting tomorrow

Hi Peter,

I am just looking over the agenda for tomorrow's review call (timely, I know). Is there anything specific you want to discuss about 303d list, TMDLs, and 404 program? That is.....anything I need to prepare for ahead of time. Thank you!

Dina
